Computer Lease Form

Computer Leasing Program: To participate in the CyberLynx Computer Leasing Program, a family purchases a new computer during the school year (one computer per family). The receipt for the computer purchase must be sent to the Nenana CyberLynx Office (see details below). CyberLynx then leases the computer from the family for \$38 per month; payments continue for up to three years or until the computer has been paid for. During this time, at least one child in the family must continue to be a full-time CyberLynx student. Lease payments terminate as of the date of withdrawal from the CyberLynx program. A family may re-qualify for the program after three years (as long as at least one child in the family continues to be a full-time CyberLynx student).

Please note that we will accept computer receipts only from retail stores such as Sam's Club, Costco, and Fred Meyers, and Internet orders from Gateway, Dell, and Apple. We will not accept receipts from third-party purchases or generic Internet purchases. Receipts must show payment made in full (payment plans are not accepted). Receipts may not be dated prior to April 30th of the enrolled school year.

Lease payments will not start until November 15th; please refer to the Computer Payment Schedule. April 15th is the final date to submit computer receipts.

Attention:

Monies paid for reimbursements are funded from the State of Alaska. As such, these funds could be required to be returned to Nenana City Public Schools if parents fail to fulfill their commitments to CyberLynx or commit fraudulent actions with these funds.
